Getting started: your school, ready in a week

Sign in at **schoolprecise.com**. Follow these steps in order; each one builds on the last. The headings in green show where to click in the menu on the left.

1 Set up your school

Add your logo, motto and principal's name (they print on report cards and receipts), and enter this session's three term dates.

School settings

2 Create classes and subjects

Add every class (e.g. JSS 1A, Primary 4) with its capacity and class teacher, then your subjects.

Classes · Subjects

3 Import your students

Click **Import CSV** and download the **Excel template**. Fill one row per student, save as CSV, and upload. Up to 500 at a time.

Students › Import CSV

4 Add teachers and invite staff

Add teachers, then invite your principal, accountant and teachers. Each person gets their own login; teachers only see their own classes.

Teachers · Staff accounts

5 Assign who teaches what

Give each teacher their classes and subjects. This decides which registers and score sheets they can open. Optionally build your timetable.

Class subjects · Timetable

6 Set your fees

Set this term's fees for each class. To let parents pay online, connect your school's own Paystack account (money goes straight to you).

Fees · School settings

7 Give parents access

Open a student and click **Parent access** to send the parent a link. They see attendance, fees and report cards; no app needed.

Students › Parent access

8 Run your term

Teachers take the register every morning. Record payments as they come in. Enter exam scores, then print report cards.

Attendance · Payments · Results · Report cards

Every day and every week

- **Each morning:** every class teacher takes the register.
- **When fees are paid:** record the payment; a receipt is created.
- **Weekly:** check the Dashboard for registers missed and fees owed.
- **Term's end:** scores entered, then print report cards.

Good to know

- Forgot a password? Use **Forgot password?** on the sign-in page.
- Staff can't sign in? An admin can send a new link from Staff accounts.
- Works on phones and laptops. Nothing to install.
- Your records are private to your school and backed up daily.
